

REMARKS

In the subject Office Action, the examiner entered a restriction requirement and rejected Claims 1-2 under 35 USC 102(b) as being anticipated by Stojanovski '977. Applicants request reconsideration of their application in view of this amendment, which contains a provisional election, an amendment of Claims 3-4 and an addition of new Claims 5-7.

Applicants provisionally elect to prosecute Species II as defined by the examiner in the Detailed Action, without traverse of the restriction requirement. Accordingly, the claims (Claims 1-2) directed to Species I are denoted herein as "withdrawn". Accordingly, Applicants request that the rejection under 35 USC 102(b) be withdrawn.

Claim 3 has been rewritten in independent format, Claim 4 has been amended for consistency, and new dependent Claims 5-7 have been entered. Applicants submit that Claims 3-7 define subject matter that is clearly patentable over the prior art of record, and respectfully request that such claims be allowed.

Respectfully submitted,
